RE: TTB Notice No.4

Dear Sir or Madam:

I am pleased to provide comments in support of the above-referenced Proposed Rule of Alcohol and Tobacco Tax and Trade Bureau in which the TTB proposes a "0.5% standard" for the composition of flavored malt beverages. The Proposed Rule will provide an important clarification of the federal alcohol beverage categories and will set a standard that is both reasonable and achievable by the industry. I encourage the TTB to adopt the Proposed Rule in order that the classification of alcohol beverage products will be consistent across the fifty states and in order to ensure a more orderly U.S. marketplace.

Thank you for your consideration.

Sincerely yours,

Senator Paul Davis
