***To Whom It May Concern:***

I am writing in support of the new proposed Lodi AVA's. Having been a part of the steering committee, I feel that we did a thorough job in our research and science. These new AVA's will help distinguish each of the outlined areas to our consumers by defining each of the unique AVA's within the Lodi regeion and establish individual characteristics.

As mentioned above, [ am in complete support of the Lodi AVA petition.

Thank you,  

Kim Ledbetter-Bronson
