Dear Sir,

As one of the petitioners for the proposed new viticultural area to be called "Cayuga Lake", I would like to take this opportunity to reiterate my support for the proposal.

With a growing number of wineries being started in the Finger Lakes, it is becoming more important than ever to qualify certain areas within the larger area. Not only is the proposed Cayuga Lake viticultural area different from the other lake areas as defined by topography and soil types, but is different in the style of wine produced. It is important to define these differences within the growing framework of wine so that the consumer too can differentiate.

Thank you and the Bureau of Alcohol, Tobacco and Firearms for your help and assistance in this matter.

Sincerely,

Susanna Knapp

Dear Sirs,

Because of the fact that many wineries
in the "CAYUGA LAKE" area have
won high prizes in international
competitions, it seems most appropriate
to establish a viticultural area in this
region. It will give deserved recognition
to the wineries + help consumers in making
a good choice. Sincerely, Amy Gene Hutto

I am writing in support of
the designation of a
LAKE VITICULTURAL AREA.

This is a growing wine-making
area - both in quantity and
quality.
Recognition is appropriate. Tom Slud

Dear BTAF

We favor establishing the Cayuga
Lake Viticultural Area. The region is
producing more and more fine
and deserves this recognition.

Dear Sirs:

We are in favor of the naming of the Cayuga Lake area as an appellation area of wine-making and fine vineyards. This area of upstate New York produces fine wine particularly unique to this part of the country and should be recognized for such.

Sincerely,

Dear Sir,
I have been
making wine for 25 years
and one of the things I
have used fruit from grapes
grown in N. Western Pa.,
along Lake Ontario and
all over the Finger Lakes. I
heartily support the
designation of a Cayuga Lake
Viticultural Area which
in my opinion fulfilled
the requirements.

ATTN: Notice No 641

As the owner of a Small Farm Winery located in the proposed Cayuga Lake Viticultural area I strongly support its creation. It will help consumers identify our wine and the location of our winery.

It will also help demonstrate the maturity of our industry as we model after our European competitors.

Sincerely
William H Brown
