Dear Mr. George:

After reviewing the proposed boundaries of the Lancaster Valley viticultural area, I have found several typographical errors. Also, I have two suggestions that would simplify the boundaries without major changes.

Proposed changes to the Lancaster Valley viticultural area;

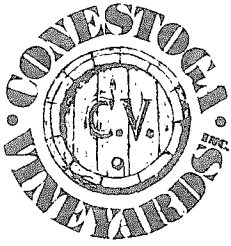

1. In instruction (7) "Pequa" should be spelled Pequea.
2. In instructions (19) and (20) "Stickler" should be spelled Strickler.
3. Instructions (25) and (26) can be combined into one instruction, that would read;

Thence due south in a straight line for approximately 0.8 mile to Pennsylvania Highway 23.

4. Instructions (31) and (32) use the intersection of Pennsylvania Highways 283 and 141 as a reference point. The road that crosses PA Highway 283 is not PA Highway 141 and has no route number. Pennsylvania Highway 141 extends from PA Highway 441 at Marietta to PA Highway 230 at Mt. Joy and does not go north of PA Highway 230 to the proposed reference point. To correct this mistake, instructions (31), (32) and (33) can be reduced to two instructions, that would read;

(A) Thence east in a straight line for approximately 3.8 miles to the Erismans Church.

(B) Thence east in a straight line for approxi-

mately 3.3 miles to the point where the 400 contour line crosses Pennsylvania Highway 72 south of Valley View.

5. In instruction (34) "500" should be changed to 400.

I hope these proposed changes will be given consideration prior to any final decision.

Sincerely,

R. Martin Keen
